Briefing

Background

- City Council previously approved the execution of an agreement with Sprint for two years, with three one-year options to renew (R-307036)
- Annual expenditure not to exceed \$1.5M
- Exercise of each of the three one-year options is contingent on City Council approval

Requested Action

- Approval of a resolution exercising the first of three one-year options with Sprint
- Increase the not to exceed annual limit by \$400k from \$1.5M to \$1.9M to account for the addition of GPS modem service for the City Fleet, Public Utilities and Environmental Services Departments
- Exercising this option renews the City's Marketing Partnership Agreement with Sprint to receive the \$100,000 annual Marketing Rights Fee
